

Our Mission and Vision

Our Mission

UPMC's mission is to serve our community by providing outstanding patient care and to shape tomorrow's health system through clinical and technological innovation, research, and education.

Our Vision

UPMC will lead the transformation of health care. The UPMC model will be nationally recognized for redefining health care by:

- Putting our patients, health plan members, employees, and community at the center of everything we do and creating a model that ensures that every patient gets the right care, in the right way, at the right time, every time.
- Harnessing our integrated capabilities to deliver both superb state-of-the-art care to our patients and high value to our stakeholders
- Employing our partnership with the University of Pittsburgh to advance the understanding of disease, its prevention, treatment and cure.
- Serving the underserved and disadvantaged, and advancing excellence and innovation throughout health care.
- Fueling the development of new businesses globally that are consistent with our mission as an ongoing catalyst and driver of economic development for the benefit of the residents of the region.

Our Values

Quality and safety

We create a safe environment where quality is our guiding principle.

Dignity and respect

We treat all individuals with dignity and respect.

Caring and listening

We listen to and care for our patients, our health plan members, our fellow employees, our physicians, and our community.

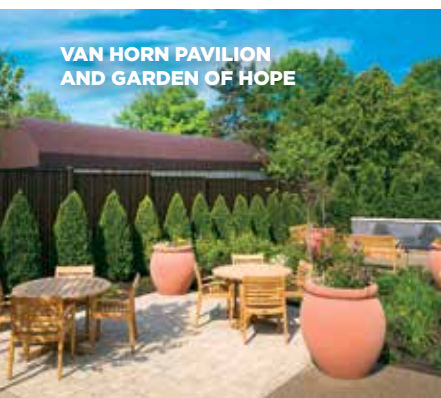

Responsibility and integrity

We perform our work with the highest levels of responsibility and integrity.

Excellence and innovation

We think creatively and build excellence into everything that we do.

Our Signature Services

Primary Care

At UPMC St. Margaret, our focus is your overall health and wellness. That's why we encourage you and your family to coordinate your care — from basic health and preventive medicine to specialty care and inpatient services — with a primary care provider (PCP). Our primary care team includes family medicine and internal medicine providers with practice locations on campus and throughout the region. And when you need specialized treatment, our PCPs are a gateway to care with UPMC's nationally ranked surgeons, specialists, and health centers.

Orthopaedics

An established leader in orthopaedic care, UPMC offers comprehensive services for the full spectrum of musculoskeletal conditions. Orthopaedic surgeons at UPMC St. Margaret specialize in foot and ankle surgery, hand surgery, traditional and minimally invasive total joint replacement (hip and knee), spine surgery, and sports medicine.

General Surgery

The Division of General Surgery provides patients with access to world-class surgical services while remaining close to home. Our board-certified surgeons offer their expertise for a wide range of procedures, including, but not limited to, complex biopsies, hernia repair, and appendix or gallbladder removal. Our experts utilize UPMC St. Margaret's state-of-the-art technology, and have access to robotic-assisted surgery.

UPMC Heart and Vascular Institute

UPMC Heart and Vascular Institute at UPMC St. Margaret offers a comprehensive network of cardiovascular services, including:

- Advanced heart failure outpatient consultation
- Advanced imaging
- Diagnostic testing
- Electrophysiology
- Vascular and endovascular surgery

Our cardiovascular services are delivered by expert UPMC Heart and Vascular Institute cardiologists, community-based cardiologists, and vascular surgeons.

UPMC Hillman Cancer Center

UPMC Hillman Cancer Center at UPMC St. Margaret allows patients to receive the highest level of cancer care without having to leave their communities. Our skilled, experienced team of cancer care professionals is dedicated to the comprehensive support and treatment of people with cancer.

Family Health Centers

UPMC St. Margaret's three family health centers, located in the neighborhoods of Lawrenceville, Bloomfield-Garfield, and New Kensington, are committed to improving the health of the communities they serve by providing primary medical care, behavioral health services, preventive health care, disease management, and health related education to all patients, including the medically underserved. Services include pediatric-to-geriatric care; laboratory services; school and work physicals; hearing and vision testing; obstetrics, gynecology, and family planning; on-site x-rays; diabetes and nutrition education and management; and treatment of minor injuries.

UPMC St. Margaret Harmar Outpatient Center

The UPMC St. Margaret Harmar Outpatient Center provides a full range of outpatient surgical and gastrointestinal procedures, using the same cutting-edge equipment, technology, and quality of care found at UPMC St. Margaret. The center is conveniently located off Route 28 as well as the Harmarville exit of the Pennsylvania Turnpike.

Some of the surgical procedures performed at the Harmar Outpatient Center include:

- General
- Gynecologic
- Ophthalmologic
- Oral Maxillofacial
- Orthopaedic
